1. Aims

Ashlawn School is committed in its pursuit of *equality of opportunity* and to a pro-active and inclusive approach to equality, which supports and encourages all under-represented groups, promotes an inclusive culture, and values diversity. This commitment is underpinned by the Transforming Live's Educational Trust's core values of loyalty, excellence, courage, tenacity and kindness by promoting and achieving equality of opportunity for all students, parents, staff, those in a governance role, visitors and job applicants. It is also underpinned by the School's core Values of Community, Aspiration, Respect and Excellence. The School and Trust is therefore committed to a policy and practice which provides a working environment in which all individuals are able to make best use of their skills, free from discrimination or harassment, and in which all decisions are based on merit.

Ashlawn School does not discriminate against staff on the basis of their gender, sexual orientation, marital or civil partner status, pregnancy or maternity, gender reassignment, race, colour, nationality, ethnic or national origin, religion or belief, disability or age. The Equality Act 2010 prohibits discrimination, harassment and victimisation in employment, and the principles of non-discrimination and equality of opportunity also apply to the way in which staff, trustees and governors treat students, parents, visitors, suppliers and former staff members. All staff have a duty to act in accordance with this policy and treat colleagues with dignity at all times, and not discriminate against or harass other members of staff, regardless of their status. This policy applies to all aspects of the Trust's relationship with staff and to relations between staff members at all levels.

This includes but is not limited to:

- Job advertisements
- Recruitment and selection
- Training and development
- Opportunities for promotion
- Conditions of service
- Pay and benefits
- Conduct at work
- Disciplinary and grievance procedures
- Termination of employment

Our school aims to meet its obligations under the Public Sector Equality Duty (PSED) by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

2. Legislation and guidance

This document meets the requirements under the following legislation:

- [The Equality Act 2010](#), which introduced the Public Sector Equality Duty and protects people from discrimination
- [The Equality Act 2010 \(Specific Duties\) Regulations 2011](#), which require schools to publish information to demonstrate how they are complying with the Public Sector Equality Duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: [The Equality Act 2010 and schools](#).

This document also complies with our funding agreement and articles of association.

3. Roles and responsibilities

The Academy Improvement Management (AIM) Board will:

- Ensure that the equality information and objectives as set out in this statement are published and communicated throughout the school, including to staff, students and parents
- Ensure that the published equality information is updated at least every year, and that the objectives are reviewed and updated at least every 4 years
- Delegate responsibility for monitoring the achievement of the objectives on a daily basis to the Principal

The equality link governor is Duncan Mills. They will:

- Meet with the designated member of staff for equality at least half-termly, and other relevant staff members, to discuss any issues and how these are being addressed
- Ensure they're familiar with all relevant legislation and the contents of this document
- Attend appropriate equality and diversity training
- Report back to the full governing board regarding any issues

The Principal will:

- Promote knowledge and understanding of the equality objectives among staff and students
- Monitor success in achieving the objectives and report back to governors

A designated member of staff for equality will be appointed in the academic year 2022-23 to:

- Support the Principal in promoting knowledge and understanding of the equality objectives among staff and pupils
- Meet with the equality link governor every half term to raise and discuss any issues.

- Support the Principal in identifying any staff training needs, and deliver training as necessary

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 8.

4. Eliminating discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and AIM Board Partners are regularly reminded of their responsibilities under the Equality Act – for example, during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training every January.

The school has a designated member of staff for monitoring equality issues, and an equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate.

5. Advancing equality of opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people that are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay students who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling trans or non-binary students to access private toilets or changing room spaces.)
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information
- Make evidence available identifying improvements for specific groups (e.g. declines in incidents of homophobic or transphobic bullying)
- Publish further data about any issues associated with particular protected characteristics, identifying any issues which could affect our own pupils

6. Fostering good relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies and we will also invite external speakers to contribute
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school student council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

7. Equality considerations in decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

9. Monitoring arrangements

The Principal will update the equality information we publish, at least every year.

10. Year 1 Review of 4 year objectives set in 2021-22

Completed September 2022:

Good progress is being made in all areas according to the success criteria identified above.

Knowledge of what protected characteristics are, has been embedded in the Personal Development Curriculum across staff and pupils through our assembly, Life Skills/PSHE and staff wellbeing programmes. Equal opportunities and equity are monitored by TLET HR. We will soon receive reports from the Every HR workflow system that give anonymised information that will support us with a new objective of responding to any potential unconscious bias that may be implied by the reporting if necessary.

Staff received Equality and Diversity Training last academic year for the first time delivered by the HR Department, an external provider. Equality and Diversity Training will now be included in all new staff induction activities through the School Training packages available to all staff and updated at the annual training day in January.
