SCHOOL

Our best, always

Welcome to Ashlawn Sixth Form

Vision

Ashlawn is an inclusive school. We pride ourselves in providing a high quality education for all of our students, regardless of the challenges that they have faced or will face in life. We do this through the development of the team that works with our students every day, and the curriculum that they follow.

We believe in educating for life, providing our learners with the skills to become positive contributors to their community. Our broad curriculum provides students with opportunities to gain the skills, knowledge and leadership experience that support their lifelong learning and highest aspirations, but also to ensure that they are able to grow as individuals. We model the positive behaviours of kindness and loyalty by being helpful and considerate in the way we work together.

We value all members of our community, treat each other with respect and kindness, and are considerate of the beliefs and values that each of us hold. We actively teach understanding, acceptance and celebration of our students' and staff uniqueness.

We challenge each other, every day, to improve and reach for excellence. We actively plan to create within our community the courage and desire to develop and stretch ourselves, a curiosity for understanding the world and our place within it, and a joy of learning. We recognise the need to support one another to achieve this. In this way, we ensure that no-one is left behind.

We are all proud to be part of the Ashlawn family.
